

Created as a gift for one special woman, Revitalash[®] is now available to women of all ages.

It all began because a doctor wanted to give his wife a very special gift...

Revitalash[®] was developed by Michael Brinkenhoff, M.D. as a special gift for his wife, Gayle, while she was recovering from breast cancer. Intensive chemotherapy treatments had damaged Gayle's once-beautiful eyelashes, leaving them fragile, sparse and thin.

Based upon his knowledge and experience as a practicing ophthalmologist for over 25 years, Dr. Brinkenhoff believed that he could develop a formula that would give Gayle's eyelashes the look of renewed health, strength and beauty.

After extensive research, Dr. Brinkenhoff, together with a talented team of cosmetic chemists, created a product that truly gave the beautiful look of renewed vitality to Gayle's eyelashes.

Revitalash[®] is a remarkable cosmetic innovation that within weeks will help you achieve amazing looking eyelashes, appearing dramatically more beautiful: Longer, Thicker, Fuller... Within weeks, your own natural eyelashes will look as though they had extensions!

Like liquid eyeliner, Revitalash[®] is simply applied once-a-day to the base of the eyelashes. Within 60 days, your own natural eyelashes will look spectacular!

Discover the Beauty of Your Natural Lashes!

Hair

by RevitaLash®

Hair by RevitaLash® from the makers of America's #1 Eyelash Conditioner

Hair by RevitaLash® is a unique hair conditioner that fortifies and strengthens the hair so it appears thicker, fuller and healthier.

Packed with conditioning agents like Ginko Biloba, Ginseng Root, Japonica, Fruit Extracts and wheat proteins, Hair by RevitaLash® is revitalizing and easy to use. Pump once and massage into areas where you want the hair to appear thicker and fuller.

For Thicker and Fuller Looking Hair.

Want to know more? Here are some frequently asked questions:

Can I apply Hair by RevitaLash® and wash my hair an hour later?

No. For Hair by RevitaLash® to work best, you should allow it to stay on your hair for about twelve hours before washing.

Can I use Hair by RevitaLash® more than once a day? Will it work faster, better?

No. Hair by RevitaLash® will not work faster or better if used more than once a day. More frequent use or larger applications have not been shown to speed up or enhance the hair conditioning process.

Can I use hair sprays, mousses, conditioners, gels, etc.?

Yes. Hairspray, spritz, or styling aids may be used on your hair while using Hair by RevitaLash®. For best results, Hair by RevitaLash® should be allowed to soak into your hair for three minutes before using any styling products. The appropriate application sequence is to apply Hair by RevitaLash® first, then apply styling products and style as usual. Keep in mind that your best results will occur with proper application.

Can I use a blow dryer, straightening device, or other heating tools while using Hair by RevitaLash®?

Yes. Heated styling aids have not been shown to interfere with the hair conditioning effect of Hair by RevitaLash®.

Can I have my hair colored or permed or use hair relaxers while using Hair by RevitaLash®?

Yes. We have no evidence that coloring, perming or relaxing your hair changes the hair conditioning effect of Hair by RevitaLash®. However, because the use of permanent wave and hair color can cause scalp irritation on certain people, we recommend the following precautions:

1. Wait at least 12 hours after using Hair by RevitaLash® before applying chemicals for hair coloring, perms or relaxing.
2. Wait 24 hours after using any chemicals before resuming use of Hair by RevitaLash® to make sure your scalp has not been irritated by the chemical treatment. If no irritation was caused by the chemicals, continue use of Hair by RevitaLash® as usual.
3. Simply restart your normal Hair by RevitaLash® routine. Do not use more Hair by RevitaLash® to compensate for your missed applications.
